Snake is Cleric's friend and companion and is grateful to the human for giving her food and shelter in her childhood. She has learned to enjoy the company of humans, although many humans don't seem to share her amiable nature. She's been raised to eat the meat the Humans have killed, as well as to enjoy some sweet fruits and miscellaneous fish and insects. Her Cleric is so gentle that she has also grown up a fastidious eater who prefers not to dine on creatures who might be related to her friends.

Snake is always a lady, having learned quite a bit about manners from Cat, but she is also a fearsome fighter who has learned to bite and constrict in battle, practicing with Dog and Badger. Her "charming" ability is inborn, and Raven is quite nervous about it, although in general he's too smart to look at her when she sways. Cat found her skill very interesting and has learned it from her.
